# C02 Ledger key / HOST — SPOILERS

Player clue: Read your ordered tab names from C01 left to right. Look up each tab in this key: MOON = 7, SUN = 2, STAR = 9. Copy those three digits in the same order.

Answer: 729

Display variants: None

Hints: 1. PRIVATE HINT COPPER: match each ordered tab to its digit.

Placement / reset: Place beside C01. Reset: keep key visible.

Requires: C01

Playtest observations: Clarify that tab order, not printed key order, controls the digits.
