Balcony Herb Handbook

A fictional booklet for trying out Bifrosta.

Watering rhythm is explained later, see page 4.

If leaves turn yellow, see page 5.

1. Choosing pots

Pick pots with a drainage hole.

Harvest advice is on its own page, see page 6.

2. Soil

Use a light, free-draining mix.

Seedlings need gentle watering, see page 4.

3. Watering

Water in the morning when the top soil is dry.

Go back to the soil notes, see page 3.

4. Yellow leaves

Most yellow leaves come from too much water.

A glossary is planned for a later edition, see page 9.

5. Harvest

Cut the top third of each stem.

Return to choosing pots, see page 2.
